Message from the Chairman

It's my pleasure to welcome you at John Wesley Convent, a new generation international school, where our endeavour is to provide education confirming the international standards in a world-class environment using finest quality of human resources. John Wesley School is global in its outlook and confirms to the standards laid down by the European, American and Canadian systems of education. However, our roots are Indian and thus John Wesley Convent includes all tenets of India's National curriculum in its own curriculum.

The 'Ultra modern infrastructure of John Wesley Convent is specially designed to be conducive to learn, a feature that itself makes it unique one putting together, at John Wesley Convent, means our commitments to prepare our students for successfully meeting the challenges of the 21st Century.

With these words, I once again welcome you to John Wesley Convent and hope that we keep achieving heights of progress with good wishes.

R.K. Sharma
Chairman

Message from the Principal

Children are a powerful resource of future and every child is unique and has immense potential. Quality education is about possibilities and helping the child unleash his own potential and this is what our team at John Wesley Convent firmly believes in. At John Wesley Convent, we aim to empower children to question, perform, reflect and understand self so that they are able to meet the challenges of changes in future. It is important that we teach our children how to think and how to take decisions.

Schooling at John Wesley Convent is not about gaining knowledge and passing exams. Our team of empowered and motivated staff, the excellent learning resources and infrastructure and a child friendly environment make exploration and learning possible. By entrusting your children to us you are ensuring better future. John Wesley Convent stands committed to the cause of education and shall leave no stone unturned to achieve its mission. John Wesley Convent, Rohtak has chosen the path of educating children as opposed to just schooling them.

Mamta Malik
Principal
Recipient of Best Teacher Award (2005, 2010 & 2012)

"Perseverance, integrity and excellence" sends out a powerful message and explains the essence and purpose of our lives.

John Wesley Convent is a remarkable place because of its focus. Everyday, week, month and year is focused on the cultivation of young people and their capacity to find the best within themselves.

John Wesley Convent, Rohtak located at 5 km stone Gohana Road, Rohtak was founded on 1st February, 2006 by B.A.E.S. Registered, New Delhi. School is affiliated to C.B.S.E. (Affiliation No. 530616) and offers education from Montessori level to 12th standard having education facilities with emphasis on hobbies and sports. The endeavour is to encourage students in vigorous pursuits of education both in sports and studies so as to embark on the journey of adulthood with confidence.

John Wesley Convent is an amalgamation of competent teachers, state-of-art infrastructure and experienced & efficient administration. Beautiful location, pollution free environment, excellent pastoral care, are some of our strengths, which satisfy a crucial need in today's world for the students to learn, observe, introspect and contemplate.

The school is in a modern sprawling campus run by eminent educationists & advisors who constitute its Board of Governors and have a banking of almost four decades of expertise in the field of education. The school offers a unique educational environment that stirs the imagination, develops student's critical thinking and inquiry skills & fosters a balance between academics & creative opportunities. Students will enjoy a wide range of athletic artistic, co-curricular & leadership opportunities that makes the school life vibrant.

The corridors of learning

We are engaged in a mission called YOUNG PEOPLE. We focus primarily on realization that a student's physical well-being greatly affects his/her academic learning, both in the moment and in the long term. John Wesley Convent focuses on six main areas of learning, addressing the child's physical, intellectual, emotional and social development.

- ☞ Personal, Social and Emotional Development
- ☞ Communication, Language and Literacy
- ☞ Mathematical Development
- ☞ Knowledge and Understanding of the World
- ☞ Creative Development
- ☞ Physical Development

"Children are our tomorrow"

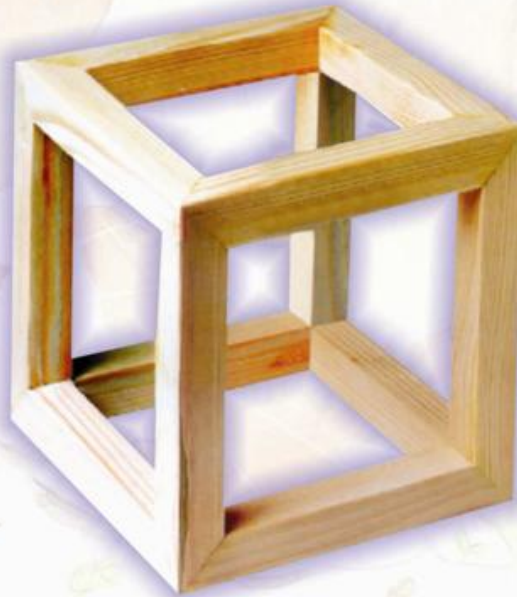

They are the future we are working for
They are the world's most important generation.
They will determine, whether what we did for
them was worth doing.

*We want that education by which
character is formed, strength of
mind is increased, the intellect is
expanded, and by which one
can stand on one's own feet!*

BEYOND CURRICULUM

SCIENCE LAB.

Well equipped Science labs provide the environment for developing a scientific temper amongst the children. Children best learn by doing. All related activities and experiments are conducted by the students themselves. This gives them a good insight into how science works. Each lab is constantly upgraded to meet the demands of the changing curriculum.

**A system of
Self-regulating Discipline
Where The Game
is More Important
Than Player.**

John Wesley Convent has physical education as a compulsory discipline in its curriculum. Besides theoretical knowledge, the students are required to choose one sport in which they would like to excel. The school Sports Clubs offer various playing facilities with fully qualified coaches for training of the pupils. The Sports Clubs, within the school campus, offer facilities for both indoor and outdoor games.

EXPRESSION

It's all in the

EXPRESSION!

We, at The John Wesley Convent, believe that it is our God given responsibility to liberate the hidden artist within each child. Some children express themselves with the paintbrush, some with a pen and some on stage. Whichever way they choose to do so, we believe in extending every support to our students in their quest for self expression.

We believe that this is how they will learn to communicate with themselves, with each other and with the world.

"Imagine all the people living life in peace. You may say I am a dreamer, but I'm not the only one, I hope someday you'll join us, and the world will be as one."

The Primary aim of the students should be to excel in their studies. This is their contribution to the development of the nation. The education system should instill in the minds of the students capacities of inquiry, creativity technology, entrepreneurial and moral leadership. If we develop in all our students these five capacities, we will produce "Autonomous Learner" a self-directed, self-controlled, lifelong learner, who will have the capacity to both respect authority and at the same time is capable of questioning authority, in an appropriate manner. These are the leaders who will work together as "Self-organising Network" and will transform India into a developed nation in a time bound manner.
